

JOB DESCRIPTION: JUNIOR FLAVOURIST

Company: Sensory FX (Pty) Ltd
Location: Pretoria
Contract Type: Full time, permanent
Industry: Chemical Manufacturing

About us:

Sensory FX is a trailblazing developer and manufacturer of flavours and fragrances for a broad range of products – from food and beverages to household and personal care. As an industry pioneer in sub-Saharan Africa, we're known far and wide for our excellent service and high-quality products. Over the years, we're proud to have helped create and define some of the continent's best-loved brands. This is due to the fact that we don't just understand the science of fragrance and flavour, but the psychology behind it too – which allows us to craft uniquely appealing tastes and scents.

Purpose of position:

- To assist in creating and matching new flavours while gaining hands-on experience in assigned development projects.
- To assist in the expansion and enhancement of Sensory FXs' current range of flavours.
- To ensure product and sample quality aligns with company strategy and client expectations.

Roles and responsibilities:

- Take ownership of assigned flavour development projects from brief to completion, ensuring quality, client requirements and turnaround time targets are met.
- Assist with sourcing new raw materials and gather required technical information for development and training.
- Coordinate project briefs and cross-team communication to ensure transparency, timely updates and efficient flavour development.
- Accurately record formulations and ensure all samples and documentation are organized and accessible for reference and quality control.
- Support Lab Technicians with lab operations by compounding samples, managing materials and ensuring QC product samples are available for review.

Requirements & Skills:

- BSc degree or Diploma in Science or Chemistry.
- Analytical skills.
- Lab skills, compounding, calculations including dilutions etc.
- Able to work independently to show own innovation during projects.
- Olfactive skills and ability.
- Time management skills.
- Communication skills.
- Able to work in a team environment.
- At least 3 years' experience in flavour creation / development.
- Experience / understanding of the African market and related categories.
- Experience in manufacturing industry.

If you are interested in this position and have the necessary skills and abilities, email your CV to danie@sensoryfx.co.za.
